

In light of the COVID-19 virus, please be advised that while we are making an attempt to keep our office open for as long as possible, we are also highly concerned about the health and well-being of our clients and our staff. We are monitoring the CDC website and receiving updates from the State of Michigan in regard to all recommendations, conditions, executive orders and the like that arise. Should you need to speak with us, even if we have to temporarily close our office, rest assured that our staff will be monitoring the voicemail as well as email messages. Emailing (addresses below) is the fastest way to reach us at this time. Please be safe and should you need us, we will make every effort to assist your family's needs.

At this time, we are requesting that clients do not stop into our office unannounced. Please call ahead as we are adhering to strict social distancing guidelines. Please scan/upload information and email when you are capable, or mail if necessary.

More important, please know our thoughts and prayers are with all of you and your families. While the future seems a bit unclear at the moment, we should all take solace in the fact that better days are ahead. Take care of yourselves and your loved ones. We will all get through this together.
